

Message from Mr. Kim, Keung-II, Deputy Resident Representative of KOICA

I am honored to forward this message to the Association of KOICA Fellows in Sri Lanka (AKOFE) to be published in its web site.

AKOFE has embarked on important activities that have provided the Sri Lankans and Koreans to come together in building closer ties for mutual understanding and cooperation and friendly relations.

I am proud to mention that AKOFE is gaining momentum to be an active player in the development efforts of Sri Lanka. The increase of membership and the implementation efforts of its ambitious Activity Plan for this year are expected to bring together the untapped potential of the expertise gained in Korea through KOICA for effective contribution towards national development.

The commitment and dedication of the Executive Committee members in realizing its goals are commendable. During my tenure in Sri Lanka, I hope to work with AKOFE very closely to strengthen the relationship between two countries; Korea and Sri Lanka.

I take this opportunity to wish AKOFE all success and the very best in all its future endeavours.

Kim, Keung-II
Deputy Resident Representative
KOICA Sri Lanka Office
